Our products are built on beliefs and values that evolved through over a century of manufacturing. We construct our furniture with care and precision, and we hold ourselves accountable for every detail. We believe the end result makes the extra effort worth the many years it lasts.

The Flexsteel Difference

You'll find our namesake Blue Steel Spring at the core of our upholstered seating. Unlike eight-way hand-tied springs, it never needs retying or replacing to keep you from getting that sinking feeling in your seat.

Our design and construction go hand in hand to create comfortable, long-lasting furniture with durable wood frames and exceptionally soft seat cushions.
